3-Form is the leading manufacturer of award-winning, sustainable materials and architectural hardware solutions for the Architecture + Design industry. They use their innovative material to create walls, dividers, doors, ceilings and other architectural solutions using colors, textures, and natural objects. It sounds kind of vague, but it really is interesting to see all that they do. Here is their website to take an additional peak at their neat stuff. www.3-Form.com

3Form is hosting our meeting, so we will need to have a count of who will be attending.
